Payment Terms

Payment is due within 21 days of project completion. For large projects, half is due prior to beginning work and the remainder is due upon completion of the project. All audio files will have an audible watermark until full payment is completed at which point the final un-watermarked files will be delivered.

All major credit cards are accepted and processed online via 256-bit SSL encryption (the same level of security used by most banks), and all data is stored on HIPAA and EU Privacy Shield compliant servers. Payments will appear on your credit card as "MICME".

- PayPal and Interact E-Transfer is not accepted
